Autumn Mulching Offer

Finding the time and energy to mulch your garden at this time of year can be hard, so why not let us do the hard work for you, by taking advantage of our Autumn Mulching Offer. On delivery our team will spread the mulch to a depth of 2" for you!

For best results the beds should be weed free prior to spreading

Our Special Winter Mulch is ideal as an end of season top up to help strengthen the root structure of plants during winter. An additional benefit of the mulch is to keep the soil temperature higher, providing some frost protection.
